

IT'S TIME FOR CONGRESSIONAL LEADERSHIP ON NUCLEAR WEAPONS

There is no justice or true security in a world where nuclear weapons threaten all of our lives, our planet, our future, and all we hold dear.

The only sure way to prevent nuclear war is to rid the world of nuclear weapons. This goal is both possible and practicable if we the people demand it and join a growing global chorus working to confront this existential threat to humanity.

In the U.S., preventing nuclear war starts with our members of Congress whose voices and votes help shape U.S. nuclear weapons policies and the decisions of the Executive Branch.

H. Res. 77 is a resolution that calls on the U.S. to embrace the goals and provisions of the Treaty on the Prohibition of Nuclear Weapons, and to adopt Back from the Brink campaign's common sense policies for preventing nuclear war. Hundreds of organizations from across the country have already endorsed Back from the Brink.

Contact your U.S. House Representative today a urge them to co-sponsor H. Res. 77.
